

MOHD FARID ABD JALIL

DEPUTY PROJECT MANAGER /
T&I MANAGER

PROFILE

Contact Info Mobile: +6013 306 0305
Email: mohdfarid83@gmail.com

Date of Birth 15th April 1983

Nationality Malaysian

Qualification Bachelor of Mechanical Engineering

Professional Membership

- Engineering Council: Chartered Engineer (668477)
- IMarEST: Chartered Marine Engineer (8076029)
- Project Management Professional (PMP) (Cert. No. 2310418)
- Board of Engineers Malaysia: Graduate Engineer (GE-156321)

KEY HIGHLIGHTS

- 12 years experiences in **oil & gas** as well as **renewables** in managing **projects & contracts**; familiar with various methods of offshore installation
- **Able to prioritize** and remain **focused** on the essence of an issue.
- **Self-starter**, require minimal supervision and an efficient **Multitasker**.
- Oversaw end-to-end process for **newly build Company's Equipment** for Monopile installation purpose.
- Spearheaded **cost optimization initiative** in 2018 Anjung Project, **saved ~MYR 1.5 million**
- **Pioneer team assigned for first time implementation** in Sapura i.e. suction pile installation method in Mexico

WORK EXPERIENCES

DECEMBER 2017 – PRESENT

SAPURA OFFSHORE SDN. BHD.

DEPUTY PROJECT MANAGER/ T&I MANAGER

- Facilitate the work coordination and alignment between multiple disciplines in the project management team
- Interface focal for project external stakeholders e.g. clients, subcontractors, regulatory bodies
- Perform thorough review of project proposals / specification and produce Project Execution Plan with details on the project objectives, key success factors and actionable work plan to achieve the desired results. Confer with Management for endorsement to execute
- Review project status reports by analyzing budget management, schedule attainment and achievement of project KPIs. Provide recommendation to Project Manager for resolution of ongoing issues and mitigation plan for anticipated risks / showstoppers
- Resource person for commercial negotiations with subcontractors.
- Ensure optimization of existing organization resources i.e. materials & equipment.
- Ensure compliance to Quality & HSE requirements.

JANUARY 2017 – DECEMBER 2017

OFFSHORE CONSTRUCTION SUPERINTENDANT

- Responsible for the overall execution of offshore operation under the CONTRACT, including coordinating matters on the Safety, Operation, Engineering, Marine, Project Management, Contract, QA/QC and focal person for COMPANY onboard work vessels.

MAY 2008 – JANUARY 2017

SENIOR FIELD ENGINEER

- Lead field engineers for the assigned project from planning phase until offshore execution.
- Produce detailed offshore installation methods and working procedures by conducting thorough review of clients' AFC project drawings and provide interpretation according to scope of work and contract requirement.
- Interface with clients on technical matters
- Perform site inspection/visit to resolve project constraints e.g. obstruction and rigging methods. Ensure availability of equipment/materials and compliance with clients' specification.
- Produce complete dossier of as-built documentation i.e. progress report, tally sheet and technical decisions
- Provide technical support to tendering department for bidding works.

MOHD FARID ABD JALIL

DEPUTY PROJECT MANAGER /
T & I MANAGER

PROJECT EXPERIENCES

- 2019** **CLIENT: YUNNENG WIND POWER CO., LTD. (TAIWAN)**
Role: T&I Manager
Project: Transportation and Installation of Offshore Wind Turbine Substructures (Monopile)
- CLIENT: MALAYSIA MARINE & HEAVY ENGINEERING (MMHE) / PCSB**
Role: Deputy Project Manager
Project: BOCPP Jacket installation (tentative offshore program - Aug 2019)
- CLIENT: PTT EXPLORATION AND PRODUCTION (PTTEP)**
Role: Deputy Project Manager
Project: FSO2 Riser Hose Replacement (tentative offshore program - May 2019)
- 2018** **CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)**
Project: Transportation & Installation for NC3 Air Cooler Module, BARONIA Riser Guard & Anjung Field Development (18" Dia. CRA pipeline & jacket Installation.)
- 2017** **CLIENT: SAPURA EXPLORATION & PRODUCTION (SARAWAK) INC.**
Role: Offshore Construction Superintendent
Project: Transportation & Installation for B15 Field Development (16" Dia. pipeline & B15 platform installation)
- 2016** **CLIENT: PETROLEOS MEXICANOS (PEMEX)**
Project: EPCIC, KMZ 76 Pipeline & Extension Deck Installation, Gulf of Mexico, Mexico (36" Dia. pipeline & deck extension)
- CLIENT: NUVOIL/PEMEX**
Project: Transportation & Installation for Akal G Field, Gulf Of Mexico, Mexico (Suction pile jacket installation)
- CLIENT: SAPURAKENCANA DRILLING**
Project: Tender Rig Lift Plan Preparation For T-10, SKD Berani & Esperanza
- 2015** **CLIENT: NIPPON OIL EXPLORATION & PRODUCTION MALAYSIA**
Project: Transportation & Installation for Layang Wellhead Platform, Sarawak, Malaysia.
- CLIENT: CARIGALI HESS B.V / HYUNDAI HEAVY INDUSTRIES.**
Tendering Assignment For Bergading & Baronia CPP Installation
- 2014** **CLIENT: LUNDIN B.V (MALAYSIA)**
Project: Transportation & Installation Bertam Field, Terengganu, Malaysia.
- 2013** **CLIENT: EXXONMOBIL EXPLORATION & PRODUCTION MALAYSIA (EMEPMI)**
Project: Transportation & Installation of Telok, Damar & Tapis Field, Terengganu, Malaysia.
- 2012** **CLIENT: EXXONMOBIL EXPLORATION & PRODUCTION MALAYSIA (EMEPMI)**
Project: Transportation & Installation of Telok & Tapis Field, Terengganu, Malaysia.
- 2011** **CLIENT: SARAWAK SHELL BERHAD**
Project: Transportation & Installation for F28DR-A Jacket, Sarawak, Malaysia
CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)
Project: Transportation & Installation for KNJT-C Topside, Kinabalu Field, Sabah, Malaysia.
- 2010** **CLIENT: SABAH SHELL PETROLEUM COMPANY LIMITED (SSPC)**
Project: Transportation & Installation for SJQ-Q Topside, Module 1 & Bridge Installation, Sabah, Malaysia.
- CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)**
Project: Transportation & Installation Tangga Barat & Resak Field Development
- CLIENT: EXXONMOBIL EXPLORATION & PRODUCTION MALAYSIA (EMEPMI)**
Project: Transportation & Installation of Semangkok A-Semangkok B 12"CRA Pipeline Installation
- 2010** **CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)**
Project: Transportation & Installation of TBDR-A Platform, Tangga Barat Field, Terengganu, Malaysia
- 2009** **CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)**
Project: Transportation & Installation of KAKG-A Platform, Kumang Field, Sarawak Malaysia
- 2008** **CLIENT: PETRONAS CARIGALI SDN. BHD. (PCSB)**
Project: Transportation & Installation of PC4DP-A, PC4V-A Platform & ANDP-D Platform, Angsi Field, Sarawak Malaysia

MOHD FARID ABD JALIL

**DEPUTY PROJECT MANAGER /
T&I MANAGER**

WORK HISTORY

JAN 2008 – MAY 2008

GERMAN MALAYSIA INSTITUTE
TECHNICAL TRAINING OFFICER

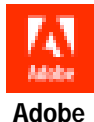

JUN 2006 – SEP 2007

SHIMANO COMPONENTS (M) SDN BHD
PRODUCTION ENGINEER

TRAININGS

- 2018** PMBOK GUIDE 5TH EDITION EXAM PREPARATION
- 2012** EMEPMI LOST PREVENTION SYSTEM
PETRONAS PTW
- 2008** INTRODUCTION TO PLC PROGRAMMING
- 2007** ISO 14001 EHSMS INTERNAL AUDITOR
- 2006** PERFORMANCE CAR TUNING COURSE
BASIC BOILER OPERATION COURSE

SOFTWARES
